

This diagram is not to scale. Walls are painted white, floor is sealed concrete, ceiling is industrial style black with exposed ducting, medium gray, velcro-friendly, 4'x8' acoustic panels cover some of the wall space as indicated by ..... . Track rail is 10 feet high; chain and "S" hooks are used for "hanging" heavy items. Light display items can be hung from nails inserted into the panels or by velcro. 36 Pedestals (24" – 36" high, 12"x12", 16"x16") are available. LED track lights are used to highlight art objects.
